

CFO (Expat)

Location: Shanghai

We are seeking a strategic and results-oriented Chief Financial Officer (CFO) to join their executive team. The CFO will be responsible for overseeing all financial aspects of the company's operations. This includes financial planning and analysis, budget management, financial reporting, risk management, and ensuring compliance with regulatory requirements. The CFO will play a key role in driving financial strategy, supporting business decisions with sound financial insights, and optimizing the company's financial performance.

Key Responsibilities:

- Develop and implement financial strategies in alignment with the company's goals and objectives.
- Provide leadership and guidance to the finance team, ensuring optimal performance and professional development.
- Oversee financial planning and analysis to support business planning and decision-making processes.
- Manage financial reporting and compliance with accounting standards and regulatory requirements.
- Evaluate and manage financial risks, ensuring the company's financial health and stability.
- Monitor cash flow, financial performance metrics, and key performance indicators (KPIs) to identify areas for improvement.
- Collaborate with other executives and department heads to drive operational efficiencies and profitability.
- Lead financial due diligence for mergers, acquisitions, and other strategic initiatives.

Qualifications:

- Proven experience as a CFO or in a senior financial leadership role within a global organization.
- Strong understanding of financial planning, analysis, and reporting.
- Excellent leadership and management skills with the ability to mentor and develop a high-performing finance team.
- Strategic thinker with the ability to translate complex financial data into actionable insights and recommendations.
- Demonstrated experience in managing financial risk and ensuring compliance with regulatory requirements.
- Effective communication and interpersonal skills, with the ability to collaborate across functions and influence decision-making at all levels of the organization.
- Advanced degree in Finance, Accounting, Economics, or a related field; CPA or equivalent certification preferred.
